

## **Digitalization and Special Skills for Business**

### **Report of the Slovak group on LTT in Portugal**

We took part in the LTT activity in Montemor-o-Novo, the nice town in Portugal, from March 6th to March 10th, 2023. The project activities focused on Digitalization and Entrepreneurial Skills.

Our stay consisted of two parts: morning activities at school and excursions and trips related to the project topics in the afternoon.

We met students and teachers from partner schools from Portugal, the host country, Czech Republic, Norway, Poland and Turkey.

#### **1st Day (Monday 06.3.2023)**

- The day after our arrival we were taken to the partner school where we were welcomed by the headmaster.
- The first event that occurred at the school was an English lesson where we introduced ourselves to the other students and got to know them.
- Then each team had a presentation on its country, school and Future Job Trends.
- After lunch we had an official greetings in the City Hall.

#### **2nd Day (Tuesday 07.3.2023)**

- After delicious breakfast we had a lecture with a local entrepreneur.
- Then we had an "I'm the Boss" workshop where each group created a new company: brand, logo, purpose, product options and slogan.
- In the afternoon we enjoyed visiting the beautiful city of Évora and we played Goosechase while exploring the city.

#### **3rd Day (Wednesday 08.3.2023)**

- We had a whole day trip to Lisbon, the capital city where we had a tour around Lisbon Downtown.
- We also visited the LxFactory - after lunch we had free time for a tour of this place with its special atmosphere. We were happy to buy some souvenirs and presents.

#### **4th Day (Thursday 09.03.2023)**

- In the morning after breakfast we visited Madan Parque in Caparica, where we got an explanation about Madan Parque and the interesting products created by Portuguese students.
- After that we went to Costa De Caparica where we had good lunch in the company of Czech, Norwegian, Polish, Portuguese and Turkish students.
- Then we had free time and spent it taking a long walk on the beach, talking to our friends and enjoying the view of the sea waves.

- At 5 pm we had to return to Montemor-o-Novo where Portuguese students took us to their homes to meet their families and had dinner together which was a very nice, pleasant event.
- After delicious dinner they took us back to the hotel and we rested after long but enjoyable day.

### **5th Day (Friday 10.03.2023)**

- We started our last day in Montemor-o-Novo at the partner school where we were finishing our workshops with our groups.
- After that we went to Oficinas do Convento where they told us about how artists are coming to their place to work and showed to our groups their work space and some of their works.
- In the afternoon we had free time so we took a walk around Montemor-o-Novo and then we decided to visit the Castle and buy souvenirs for our families.
- At 7 pm we went to school, everybody was excited because we had to present the results of our workshops and we were successful.
- The next point of the last evening was tasting typical food each partner country that we brought. It was really interesting to try something new.
- After dinner at school canteen the certification ceremony was held. After being tired from that productive day we went back to the hotel to get some good sleep and gain energy for our return home.

**Finally, we would like to thank you for the amazing experience in Portugal, nice activities, the opportunity to improve our English, learn about other countries and for making lots of new friends.**
